Scope of Position:

Under the general direction of the State Controller's Office (SCO) Vendor Management Group (VMG) Staff Services Manager III (SSM III), the Staff Services Manager I (SSM I) works as part of the multi-disciplinary team of Service Center support staff. The SSM I plays an important role in the overall success of the FI\$Cal Project by providing highly visible production system support, with emphasis on the successful implementation, maintenance and operation of the Vendor Management File (VMF). The FI\$Cal Project is a business transformation project that will prepare the state workforce and systems to function in an integrated financial management system environment. The FI\$Cal Project has multi-departmental, statewide impact.

The SSM I is responsible for the day-to-day operations of the SCO Vendor Management Group. The SSM I directs the workload and supervises a staff of up to nine (9) analysts. The SSM I performs the most complex duties related to managing the State's VMF, including identifying and resolving issues and risks, validating vendors, quality assurance, customer service, maintaining vendor Electronic Fund Transfer (EFT) information and processing vendor data conversion from imported external department information. The SSM I possesses an expert level knowledge of the FI\$Cal VMF, all of its components, and the VMF's relationship to the other FI\$Cal modules including, but not limited to, procurement, accounting and statewide financial reporting and management functions. The SSM I supports and implements program changes in conjunction with the FI\$Cal project teams and partner agencies, and contributes to decision-making activities for system enhancements and upgrades.
